SEEN, HEARD & TOLD BY THE EDITOR

We cannot but speak the things which we have seen and heard. Acts 4:20

This is just "one of those weeks". Facing a whole cessation of business on Saturday (of ALL days) July 4, and already having been thru a Wednesday half holiday, we decided to get in step with the times and get out half a paper, that is 4 pages. We are having a helluva time of squeezing in what HAD to go in, and saving what will "keep."

If times get much worse I am going to try to get a tin bill and get out among the barnyard fowls.

Better not kill any of these young rabbits. Better save them to accumulate some size and some weight. They will come in mighty handy before Eisenhower has just about ushered in another depression.

If you get REAL hungry, you might kill a young male rabbit, but never kill a female rabbit. Their seed may be means of keeping us alive before the Eisenhower depression is over.

We were just about to get hungry Wednesday when Willie Cook came in and paid up.

Gone up in smoke: editorials about poor quality of milk in Grenada; about "vote for bond issue"; about increased postal costs; and about "3 counties in 1 small county." We MAY have more room next week.

One thing that gave us a personal boost in lagging spirits was a pretty good shower at Oxberry Tuesday afternoon.

Mrs. Gene Beard, just back from Washington, said she did not get to see Ike neither.

What there was not room for, was left out this week.

I have the Morrisons straightened out in my mind and am here and now recording the facts. Rene, the baby girl, is keeping house (and probably working on the side) for her brother Paul in Chicago. Paul studies at night at Loyola U. there, and works in some atomic business in day time. Gene Morrison is in the Marines near Miami. Frances is getting all sorts of honors at State College. Clifford Morrison, the daddy of all of them, presently is trying to get his wife's kitchen straightened out.

Instead of dying with cancer, as was expected, Cousin Ira Rounsaville is sitting up in a chair, getting rested for many trips to town. The doctor cut off an arm, and that is all. Hope it was not his right arm, because Cousin Ira is way behind with shaking hands with his friends.

Back to the Morrisons: Rene must be sorter independent like Sherman Rhee. She was getting $50.00 a week but when the government took out $15.00, she quit.

There's no telling what you may read in a country paper. Idly looking in the 25 Years Ago column of the Sumner Sentinel, I see an item that a baby Mary Jane was born to Mr. and Mrs. J. B. Perry Jr. of Grenada. If Mary Jane dont remember she was born on July 9, the Sumner Sentinel does. This "baby" now owns and edits the Webster Progress in Eupora.

There is no telling how getting rid of rotten teeth will fatten a fellow, for instance Aaron Hudson who looks better, fatter and more healthy than I ever saw him - just because a dentist pulled all his rotten teeth.

With the 4th of July "coming on" this is the damnest week yet for business that is. Fortunately, however, R. L. Lindsey, the saw filer, dropped in and paid up and that gave us enough money to get a couple of new poppine bugs from which we may get enough fish to eat in this dreary time.

Whve Jr. brought in two kittens fro some of the no' perry kids. Unlike our pamnered cat, Buckingham, who seems scared of rats and mice the new Perry kitten has already caught three mice, Mrs. Perry proudly reported. She unhapplly reported that one of the Perry dogs killed one of the kittens.

In an otherwise gloomy week, Joe Bob Hayward, now in California took out a subscription. I think he got the GCW all during the war then began reading Taylor's copies.

The Roane old building, now being decapitated by Al Gully was once the general merchandise store of Roane and Co., head of which was the late Judge A. T. Roane, lawyer and planter. If you are observant you will see that the Confederate monument in the square contained a gold reb with a musket in hand. The monument faces Roane's store. Cap'un Joe Slack was another lawyer here and, like Judge Roane, a fighter in the Lost Cause. Cap'un Slack explained the monument was faced the way it was so that the armed soldier could, as he put it, "watch old Roane." Captain Slack was grandfather of Pollie Jones and Elizabeth Jones. Judge Roane has many grandchildren in and about Grenada.

Wallace Cresswell's boy, Edgar, paid his dues last week. He is Dot Warden's main man, I understand. Both of them are hustlers.

I did not see Slim Norris when he was home in Holcomb, but saw one of his little boys who remained over to stay with grandmaw and grandpaw a while. Slim lives at Duncan, over in the swamp, and is the main an for big planters, Oscar Wolfe and brother. Duncan is in Coahoma Co.

Holcomb Methodist Youth To Hold Caravan Week

July 5-10 will be Caravan Week which includes six days of worship study, recreation and fellowship of the Methodist Youth Fellowship and the f[illegible]--pictured Methodist Youth Caravan.

The afternoon session will begin at 3:30 and will include program planning and work projects followed by a fellowship supper and singing. Young people who are unable to attend the afternoon program are cordially invited to come to the night session which begins each evening at 6:30 with the fellowship supper.

All the young people of the Holcomb and surrounding communities between the ages of 12 and 23 are invited to attend Caravan Week at the Holcomb Methodist Church.

Pictured above, left to right are: Front, - Marilyn Hoak, Stillwater, Texas; Carrie Mae Owen, Copleville, Tenn.; Dorothy Jean Mozingo of Bishopville, S. C.; back row, Milton Young of Burnsville, N. C.; and Billie Brown of Wheeler, Texas.

Day Const. Co. Gets Baptist Church Contract

Day Construction Co., Grenada, was awarded the general construction contract, totaling $139,022, and Kremser's, Greenville was awarded the heating and air conditioning contract, totaling $41,000, on the new three-storey educational building of First Baptist Church, Grenada, in action by the church Sunday.

This will make First Baptist the first church in Grenada to be 100 percent air conditioned, and at a cost which is only about 20 percent of what it would have been if the committee and the people had not been far-sighted enough to incorporate the system in the present building program.

The building will have approximately 20,000 square feet of floor space and the total educational capacity of the present and new building will be 1295 people, one of the largest in north Mississippi.

The building committee is composed of John G. Hardy, chairman; J. B. Perry, Jr., Dr. J. K. Avent, John Keeton and Orman Kimbrough.

Charles H. Dean of Jackson is the architect. The church building proper was completed in 1940.

Dr. Golliday Lake, 82, Dies In Memphis

Dr. Golliday Lake, whose ancestors were among the elite of Grenada, died at the age of 82 sometime during the night of July 1, 1953 at the age of 82.

Prior to illness that began many years ago, he practiced denistry in Memphis. He attended a dental school, now defunct, in Lebanon, Tenn. In his young manhood, he was widely known for his courtly manners and impeccable attire.

Even during his last years when very ill, he had the manners of the old fashioned gentlemen. He was extremely fond of dogs and fed stray dogs by the dozen.

Dr. Lake was the son of the late George W. Lake and Davidella Golliday Lake, pioneer citizens of Grenada. His two brothers, Hamner Lake and Alvin Lake and his sister Mrs. H. B. Barbee have been dead many years. Mrs. Barbee died tragically, having been brutally murdered in their mansion on Margin Street, over 20 years ago.

FIRESTRY SERVICE URGES CAUTION WITH FIRE

The Forestry Service urges all to be extremely careful with fire over the weekend of the 4th. Having had very little rain in Grenada County since the 21st of May, the vegetation is drying prematurely, making the fire danger very high.

Knowing that there will be many people camping and picnicing over the weekend, we would like to remind you that the camp fire that you fail to put out or that cigarette that you throw from your car window might cause a forest fire that will kill young trees, damage merchantable timber, and burn wildlife food and cover.

Use your ashtray!
Report all fires!
Obey the fire laws!

Not only in Holcomb, but everywhere folks are either fishing, talking about where they went yesterday or speculating about where they will go tomorrow. A few folks, here and there, but widely scattered, work a little now and then.

Not having mentioned it before, I should say that Jim Elliott who owns a smaller tract of timber land near Homer Williams' bigger tract, goes up 2-2 with Homer in their timber "harvesting" deal with Chapman Dewey Lumber Co.

Sam Norris, who fishes every day, is finishing up a nice boat he built in his back yard.

LIFE'S GREATEST BLESSINGS

Good health and good sense are often referred to as life's greatest blessings. The degree of health and sense enjoyed is largely dependent upon the individual. The mind can be improved through application. Health is influenced by habits such as adequate sleep, balanced

diet, and regular exercise. Only with good health and good sense can the fullness of life be enjoyed. A vigilant guardian of health is your physician. He stands ready to serve day or night. We stand ready to compound your prescriptions whenever medicine is prescribed.

A Message To The Citizens Of Grenada

ON SATURDAY, JULY 11th,

An election will be held to approve the issuance of $60,000 in bonds to permit further expansion of Grenada Industries, Inc.

This will mean added employment for approximately 75 to 100 more people with an increased annual payroll of about $200,000,

This will mean that our Industrial Growth will continue rather than remain static.

This will represent a vote of confidence in the future of Grenada and an expression of appreciation for the fine job that Grenada Industries has done.

So Please consider it Your Business and Your Duty To Vote in This Election.

If you do not Vote, You are in effect Voting Against the Bond Issue.
